

# COLT M4 MONOLITHIC CARBINE

## PRODUCT FEATURES:

- The Colt M4 Monolithic Carbine incorporates a continuous picatinny rail from the rear of the upper receiver to the front sight for unmatched repeatability
- Folding Locking Front Sight and Magpul MBUS® Rear Sight enhance the optics capability
- Designed with accuracy in mind, its true free-floating 16.1” chrome lined barrel provides the enhanced accuracy necessary for long-range shooting
- Integrated quad rail positions for mounting accessories and optics
