

100th Anniversary of The Colt 1911

Centennial Anniversary
of the Legendary Colt 1911

"The Standard" everyone else tries to imitate,
but no one else can duplicate.

Colt Model O1911ANVI

Model 1911- 100th Anniversary Edition

The COLT CUSTOM SHOP has produced this one of a kind 100th year commemorative, serial number 1911COLT001 as a tribute to the adoption of the Model 1911 by the United States Armed Forces. More than 300 hours of Master level engraving and gold relief time went into producing what is truly a work of art. The firearm features authentic ivory grips hand scrimshawed with a bust of Sam Colt on the left panel and a WWI Doughboy on the right panel. The gun is further decorated with high relief hand inlaid gold symbols of the Colt dome, John Browning's bust, a Serpentine Colt, and a Rampant Colt positioned between the dates 1911 and 2011. The top of the slide exhibits the text "100 Years of Faithful Service" also hand inlaid in 24 Kt. gold and the complete firearm is accented in inlaid gold borders. To further accent the exquisite gold work, the engravers artfully applied hand cut scroll engraving over most of the polished surfaces.

To further commemorate this milestone, Colt is donating this firearm to the National Rifle Association Foundation. It will be auctioned at the 2011 NRA meetings to support their unending battle for the protection of the right to bear arms.
